

Overdrive ebooks and your Android Device

If you need any additional assistance, please feel free to call the Reference Desk at 865-7217.

Here's what you'll need to get started:

1. An **Android** device *running 1.5 or newer.*
2. A **Fletcher Free Library** card.
3. A free **Adobe ID**. To create an Adobe account, go to www.adobe.com.
(Make a note of the email address and password you used to create your Adobe ID – you'll need it later).
4. The free **Overdrive Media Console for Android** App downloaded to your Android device from the **Android Market**.

Here's what you'll need to do:

1. Authorize your device:
 - a. In **Overdrive Media Console for Android**, go to **App Settings > eBook Options**.
 - b. Enter the email address and password for your new Adobe account.
 - c. Select the **Authorize** button.
2. Find and select your local library:
 - a. In **Overdrive Media Console for Android**, select **Menu** then **Get Books**.
 - b. Enter **Fletcher Free Library** in the search box, and press the **Search** button.
 - c. Select **Fletcher Free Library**. To save FFL as a preferred library, tap on the **star**.
3. Overdrive will open your browser and take you to the Fletcher Free Library Overdrive website. Search for an ebook you'd like to read using the search tool provided.
4. Select an ebook from Overdrive and complete the checkout process by clicking on **Add to Cart** and then **Proceed to Checkout**. You will be prompted to enter your library card number.
Note: Mark the box labeled "Remember me on this device" so you don't have to re-enter your card number each time you check out a book.
5. Select your lending period, and then click on the **Confirm Check Out** button.
6. Select **Download** to download the title to your device.
7. The book is now in your library! Tap on the book to open it.

How to return an ebook before the checkout period ends:

1. From the **Bookshelf** view, tap on the plus sign to the right of the title you wish to return.
2. Select either **Return then Delete**. Please note: "Delete Only" will not return the title on your Overdrive account, but only removes it from your device.
