

# Instructions for ebrary/Proquest ebooks

## Downloading

ebrary offers a number of options to download content for offline use on your computer and other devices.

## Creating Chapter and Page Range Image PDFs

You may create image PDFs of specific chapters and page ranges, up to the same limits as for printing.

### *To create an image PDF of a chapter:*

1. Click on the **Download** button in the search results or QuickView. You may be prompted to sign in.
2. Select the option to **Create an image PDF of the chapter**, then choose the name of the chapter from the drop-down menu.
3. Click **OK**.

### *To create an image PDF of a page range:*

1. Click on the **Download** button in the search results or QuickView. You may be prompted to sign in.
2. Select the option to **Create an image PDF of page**, then enter the starting and ending page numbers in the boxes.
3. Click **OK**.

You may open, read, and print the chapter or page range in any PDF viewer, such as [Adobe Reader](#). You may also transfer the file to other devices including [Amazon Kindle](#). **Note:** Additional functionality such as selecting text, searching, highlighting, or taking notes won't be available.

Image PDF files don't expire.

## Downloading Entire Documents for use with Adobe Digital Editions

You may download up to 10 entire documents at a time using [Adobe Digital Editions](#), a free software program for Windows and Mac.

### *To install and activate Adobe Digital Editions:*

1. [Download](#) Adobe Digital Editions.
2. Follow the instructions for installation and [activation](#).

### *To download a entire document to your computer:*

1. Click on the **Download** button in the search results or QuickView. You may be prompted to sign in.
2. Select the option to **Download the entire document**.
3. Click **OK**.
4. Choose whether to **Open with** Adobe Digital Editions or **Save file** to open later.
5. Click **OK**.

You may open the document with Adobe Digital Editions and utilize [features](#) including organizing the library, using bookshelves, transferring documents to [supported devices](#), navigating documents, searching text, creating bookmarks, printing, returning the document early, and more. **Note:** Any notes or highlights created in Adobe Digital Editions won't be synced with your online bookshelf.

***To transfer document(s) to an eReader:***

1. Connect your [supported device](#) to your computer and launch Adobe Digital Editions. You may be prompted to [create](#) or enter your Adobe ID.
2. Adobe Digital Editions automatically detects your device and may offer to authorize the device with your Adobe ID.
3. The device now appears as a new bookshelf in the library. Drag and drop the downloaded document(s) you wish to transfer.

***To transfer document(s) to an iOS device (iPhone, iPod touch, iPad):***

1. Download a compatible reading app (such as Bluefire Reader) from the App Store onto your iOS device.
2. Connect your device to your computer, open iTunes, and sync your device.
3. Click on the **Apps** tab and scroll down to **File Sharing**.
4. Click on **Add**, navigate to your **My Digital Editions** folder, and select the PDF file(s) of the document(s) you'd like to transfer. Make sure you don't select the .acsm file(s).
5. Re-sync your device.

You should now be able to read the document on your iOS device. You may need to authorize the device with your Adobe ID.

***To return a document early:***

1. In Adobe Digital Editions, click on the arrow icon on the document you wish to return early.
2. Select **Returned Borrowed Item**.
3. Click **OK**.
4. You may also wish to **Delete Item** from your library by clicking on the same arrow.

Documents that are downloaded using Adobe Digital Editions automatically expire at the end of the pre-designated period and are rendered unusable.
