*If you need any additional assistance, please feel free to call the Reference Desk at 865-7217.*

## *Here's what you'll need to get started:*

1. A Barnes & Noble **Nook**.
2. The Nook's **USB cable** to connect your Nook and your computer
3. A **computer** you can use to install **Adobe Digital Editions**. Download this software at <http://www.adobe.com/products/digitaleditions/>
4. A free **Adobe ID**. To create an Adobe account, go to [www.adobe.com](http://www.adobe.com).
5. A **Fletcher Free Library** card.

## *Here's what you'll need to do:*

1. Download and install **Adobe Digital Editions** on your computer. If asked, provide your **Adobe ID**. If you don't have an Adobe ID, you will need to create one at this point.
2. Plug your **Nook** into your computer, and wait until the computer recognizes the device. If you have not previously authorized your Nook, Adobe Digital Editions will ask you to authorize it.
3. Once your Nook is authorized, go back to Adobe Digital Editions *on your computer*. Your Nook should be listed at the bottom under **Bookshelves** from the **Library View** screen.
4. Still at your computer, use your browser to go to <http://fletcherfree.lib.overdrive.com> and search for a book you'd like to read using the search tool provided.
5. Select an **EPUB** or **PDF** ebook from Overdrive and complete the checkout process by clicking on **Add to Cart**, then **Proceed to Checkout**. You will be prompted to enter your **library card number**.

Be careful that you do **NOT** select a "Kindle Book" format—they are incompatible with Nooks, and cannot be returned early using Digital Editions if accidentally chosen.
6. After checking out the item, click on the "**Download**" button.
7. Select "**Open With: Adobe Digital Editions**" in the window that opens and click **OK**. Your ebook will appear in the Adobe Digital Editions library.
8. To transfer your ebook to the Nook, click on the downloaded ebook and **drag it to the Nook icon**.

## *To return an ebook before the checkout period ends:*

1. Open **Adobe Digital Editions**. Select **Library View**.
2. Select **Borrowed** under the **Bookshelves** list on the left.
3. Click on the **ebook** you want to return. Click on the **arrow** that appears in the upper left corner of the selected ebook.
4. Select **Return borrowed item**. Click on **Return** to confirm. The ebook is now returned!
